

Government Advice 1.3 What should I still avoid doing?

It remains the case that you should not:

- socialise indoors in groups of more than two households (anyone in your support bubble counts as one household) – this includes when dining out or going to the pub
- socialise outdoors in a group of more than six people from different households; gatherings larger than six should only take place if everyone is from exclusively from two households or support bubbles
- interact socially with anyone outside the group you are attending a place with, even if you see other people you know, for example, in a restaurant, community centre or place of worship
- hold or attend celebrations (such as parties) where it is difficult to maintain social distancing and avoid close social interaction – even if they are organised by businesses and venues that are taking steps to follow COVID-19 Secure guidelines
- stay overnight away from your home with members of more than one other household (your support bubble counts as one household)
